Suniel Shetty has something to say

Suniel Shetty may be an unusual choice for a book launch but no one seemed to be complaining when the macho actor turned up to release author **Bela Raja's** 'Children with learning difficulties - A guide to parents and teachers' at Crossword, Kemps Corner on Wednesday evening. Also present was architect **Hafeez Contractor** who spoke to parents in the audience about his own learning difficulties as a child. An enthusiastic Bela gave tips on how to get kids to be attentive and efficient.
